

NORTH BUCKHEAD

MASTER PLAN

Transportation? Safety? Parks? What's on your mind?

A neighborhood planning effort is now underway in North Buckhead to explore these issues and more! This effort will create a vision for the future, including improvements to roads, sidewalks, parks, public safety, land use, and more. As a local stakeholder, we need your input to ensure that the plan reflects your aspirations for the future.

Please join us at the kickoff!
